THE ORIGINAL SPECIFICATIONS DATED October 12, 2022 FOR THE ABOVE-NOTED PROJECT ARE AMENDED AS NOTED IN THE ADDENDUM #1

Please see below questions received with responses for consideration in preparing RFQ responses:

**Comments:**

-Eversource has decided to bring their service in from the Court Square side of the Common instead of Bank Row. The location of the panel box will remain the same.

-The panel board can be rated for indoor service as long as it is enclosed in a NEMA 4 weather tight enclosure.

**Question/ Answer:**

Q: Due to extended deliveries on some electrical components we may not be able to meet the timeline of this project. Do you still want us to quote? ( I think that is what Amp Electrical was asking you)

A: The City is well aware of long deliveries on some electrical components and it is suggested that you include expected delivery on long lead time items when submitting your bid.
